Hitachi Robot Vacuum Cleaner

The Art of Ease

Product Code RV-X20DPBKCG

LDS Navigation Mapping

With little effort on your part, the robot vacuum remembers 5 unique and multi-level floor maps of your home using integrated laser sensor technology. Once the robot has accurately mapped and stored the floor space, it will intelligently detect its surroundings and continue to clean.

Powerful Suction Power Up to **5000Pa**

A thorough clean is made possible with up to 5000 Pa of strong suction power, easily capable of collecting fine dust particles and pet hairs from floors and carpets. With four suction modes available, you can choose your desired level of suction power.

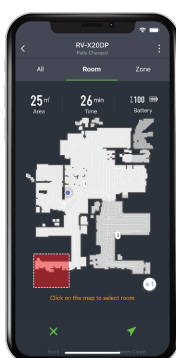

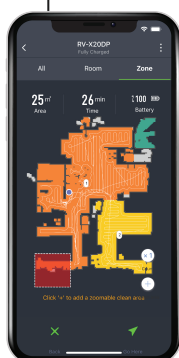

Ultimate Long Battery Life Up to **4 Hours**

A robot designed for hard work and can leave every corner of your home spotless. Its impressive battery life allows it to clean for over 4 hours without interruption, even during extended periods of use.

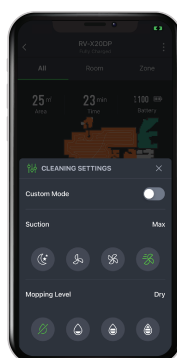

Trustworthy end-to-end data security with TÜV approval

Tested by Arcelik A.S. base on TÜV SÜD Certification and Testing PPP 17006A:2022, Product is in compliance with the listed test specifications.

Cleaning Mode on App

Select room cleaning or zone cleaning and circle the particular area you want to clean.

Cleaning Setting on App

Personalize the cleaning settings to specific suction power and wetness levels needs in each room. Make it even simpler by scheduling regular cleanings with the "scheduled" setting.

Auto Dust Disposal System

Automatically empty the dust case without the need for cleaning afterward. With a spacious 4-liter dust capacity, it efficiently contains debris, allowing you more time to spare. And when the case is full, disposing of only the dust bag is all it takes.

Scaling to New Heights

The advanced robot vacuum smartly senses changes in floor level and can overcome heights and obstacles of up to 2 cm. Rugs, carpets, and flooring transition strips don't become an issue. Ensuring your robot continues its cleaning seamlessly.

Mop Cleaning Feature

The mop attachment with an onboard water tank efficiently tackles hard floor surfaces following an initial vacuum for an extra level of cleanliness. The level of mopping can be easily adjusted via the mobile application.

Auto Charge

Auto Charge is a smart feature that takes the worry about battery life away. When the battery level is running low, the robot cleaner will automatically return home to its charging station to regain full battery health.

Stay Connected with HomeDirect App

Direct and programme your robotic vacuuming partner via Wi-Fi to assist in cleaning your home.

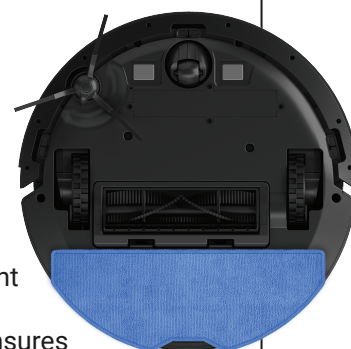

Various Accessories

Auto Dust Station & Charging Dock / Mopping Tool / Mopping Cloth x2 units / Side Brush x2 units / Filter x2 units / Cleaning Brush / Dust bag x3 units.

Accessories Maintenance Tracking

Effortlessly keep track of the suggested replacement periods for the filter, side brush, and roller brush. Ensures you stay informed when it's time to refresh these essential components for optimal performance.

Specification

Model	RV-X20DPBKCG
Colour	Black & Champagne Gold
Navigation System	LDS
Suction Mode	Quiet/ Standard/ Powerful/ Maximum
Cleaning Mode	Room Cleaning/ Zone Cleaning
Suction Power	5000 Pa
Max Runtime (minutes)	250
Charging time (hr)	6 – 7.5 h
Robot dimension (mm)	342*94.5
Robot net weight (g)	3.2
Dust bin capacity (L)	4 (dust bin)
Water tank capacity (L)	0.3
IoT	Yes
Stair Safety	Yes
Voice Broadcast	Yes
Mapping Function	Yes
Climbing	Up to 2cm
HEPA Filtration Level	H11 filter
Washable Dust Case(Y/N)	Y
Nosie (Mute mode)	<70 dBA
Accessories	1. Mopping Cloth*2
	2. Detachable Mopping Tool
	3. Auto Dust Station & Charging Dock
	4. Side Brush*2
	5. Filter*2
	6. Cleaning Brush
	7. Dust bag*3
