HITACHI

For Effortless Floor Cleaning

Designed in Japan

Auto Drive Head

Vacuuming is now smoother and cleaner with the new auto drive head, and rotating motorized brush for quick dust pick up.

Variable Power Control

You can switch between the High and Standard settings.

6 LED Lamps

Enables easy cleaning of dark areas.

For Quick Cleaning

Lets you easily clean every corner of seats and mats inside a car.

Ideal for quickly cleaning up food crumbs.

Multi Angle Brush Nozzle

For cleaning shelf tops.

Crevice Nozzle

For narrow spaces and alongside walls.

Smooth & Clean

Auto Drive Head for effortless cleaning

Designed in Japan

Powerful Cyclonic Dust Compression

Sucked in dust and air are separated centrifugally. What's more, cyclone power thoroughly compresses the dust to enable plenty of cleaning.

Designed in Japan

Centrifugal separation of dust and air

Powerful dust compression

Easy Cleaning and Maintenance

Washable Dust Case

Washable Brush

Easy Dust Disposal Case

You can dispose of compressed dust with minimal scattering.

One-Touch Detachment

The rotary brush is easy to remove for maintenance.

Self-Supporting Design

Switch off the power part way through cleaning, and this convenient design lets you leave the cleaner standing.

Charging Station

Accessories also can be attached to the charging station ready for use whenever required.

Safety Switch

When the suction head is lifted up, the brush automatically stops rotating for safety.

Compact Storage

Stick cleaner handle can be folded for extra storage convenience.
