

A side-by-side Hitachi refrigerator with a reflective, metallic finish is positioned in a modern kitchen. The kitchen features dark, minimalist cabinetry and a large window that looks out onto a cityscape at sunset. The refrigerator's surface reflects the warm light from the window. In the background, a countertop holds a silver teapot and cups, and a small vase with dried flowers sits on a dark island in the foreground.

Hitachi Refrigerator Side by Side

The Art of Ease

A New Horizon in The Art of Preserving Flavour

NEW

Space Saving Water Tank

EXTRA
SPACE
12 x 500ml bottles

Basic Tank

Space Saving Water Tank

The new 4.8-liter water tank fits perfectly under the shelf, unlike previous designs that took up more space. Its improved form creates room for up to 12 additional 500ml bottles, while being placed higher to allow easier access without the need to bend.

Auto Ice Maker

60
mins

Quick Ice Mode

Auto Ice Maker

Discover the convenience of an auto ice maker² seamlessly hidden behind a sleek door design bringing you a new level of ease. With the quick ice-making function, your fridge produces ice in just 60 minutes after filling the water tank perfectly for stocking up on your favorite drinks.

Portable Ice Case

Enjoy a large 3.4L ice capacity with a portable BPA-free ice case. Easy to carry and place wherever you need perfectly for any occasion.

80% Humidity
Preservation

Dual Surround Cooling

Hitachi's advanced cooling technology preserves food in an optimal environment with 80% humidity¹ and keeps it fresher for longer. The Dual Surround Cooling provides completely independent cooling for the freezer and refrigerator to ensure even cooling and efficient air distribution. The compressor delivers gentle airflow that maintains freshness without frost build-up and provides precise temperature control for better energy efficiency.

Quick Cool

When you want to cool items quicker and more powerfully, switch the Quick Cooling mode ON. This cools items approx. 29%³ faster.

Quick Freeze

Enable Quick Freezing mode for fast, powerful freezing and automatic freezer temperature control. Enjoy 15% faster⁴ freezing to lock in freshness and prevent nutrient loss.

10 years Compressor Warranty

Hitachi's energy efficient inverter compressor is electronically controlled and able to provide exceptionally powerful cooling and lower sound.

¹ Approximately 400 g of leaf salad (without wrap) stored for 24 hours. Room temperature about 20°C. The humidity inside the cabinet is the average humidity of the shelf space.

² Applicable to model HRSN9713ESAMGWSG only.

Selectable Zone

The Selectable Zone feature allows you to customise mode settings to suit your storage and lifestyle needs.

Refrigerator

Chill

Soft Freeze

3°C

0°C

-2°C

Refrigerator

Easily select the Refrigerator mode within the Selectable Zone to create additional storage space for drinks and food.

Chill/Meat

Preserve the freshness of your dairy, meat, and dry goods by storing them at the ideal temperature of approx. 0°C (±2°C) within the Selectable Zone compartment.

Soft Freeze

Choose the Soft Freeze setting to maintain meat and fish freshness at approximately -2°C, allowing for easy portioning and immediate cooking without defrosting.

Triple Power Filters

Eliminates 99% of odor-causing components^{*1} and bacteria^{*2}, preventing unpleasant smells from spreading throughout your fridge and freezer. Enjoy a fresh fridge and free from strong odors like onions, garlic, raw fish, and vinegar.

Onions and Garlic - Methyl Mercaptan;
Raw Fish - Ammonia; Vinegar - Acetaldehyde

Soft Freeze -2°C

Cook immediately without the need to defrost

Easy Cutting

Softly frozen foods are easy to slice

Easy to Prepare Portions

Just take the amount you need

Cook Immediately

Cook without the need to defrost the food

Elegant Design

Seamlessly blending sleek design with everyday ergonomic and convenience, keeping food visible at eye level whether in the freezer or fresh food compartment for effortless use.

Hitachi LED Light

Premium Hitachi LED lights provides bright clear lighting for better visibility in both fridge and freezer with a smooth wake-up light effect easy on the eyes.

Extra Large Door Racks

Enjoy extra convenience with a larger door rack that easily fits 3 gallon bottles^{*3} along with a new egg tray bucket for storing up to 25 eggs and a portable bucket for flexible storage.

*1 Triple Power Filter that catches and removes 7 odour components (Tested by Hitachi. The type of odours : Methyl Mercaptan, Ammonia, Acetaldehyde, Trimethylamine, Propanal, Hexanal and Acetic Acid).
*2 Thus also provides a sterilising effect. Combining the properties of Activated Carbon, Zeolite and Manganese Oxide (catalyst), the filter greatly reduces the percentage of odours present over time. Testing organisation : Boken Quality Evaluation Institute. Testing method : Film adhesion method (JISZ2801). Name of processing component : Filter. Sterilisation method : Application of oxidation catalyst to filter. Subject : Bacteria trapped in filter. Test results : 99% sterilised after 24 hours, achieved using the filter alone. No effect on the environment and food inside the refrigerator.

INVERTER

Dual Sensing Control

Energy Saving

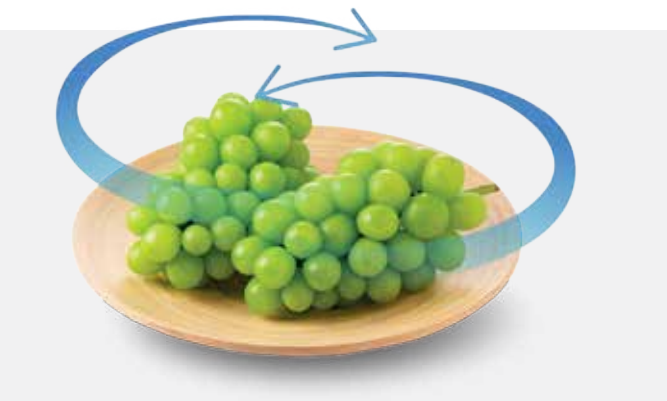

Quick Freezing

Surround Air Cooling

Humidity Control

Surround Air Cooling

The air circulation system blows less direct cold air on the food inside the whole fridge. No Frost cooling system optimizes the cold air distribution inside the refrigerator. Cool air comes from the sides of the sleek designed backwall and surrounds the shelves more equally. Surround Air Cooling keeps the food under a gentle air flow.

Quick Freezing

Enable Quick Freezing mode for fast, powerful freezing and automatic freezer temperature control. And automatically returns to normal freezer mode after 26 hours to preserve freshness and prevent nutrition loss.

*This image is for illustrative purposes only.

Humidity Control

Adjust fruit or vegetable mode with a single slide of humidity control drawer. Enjoy keeping food fresh and nutritious.

*This image is for illustrative purposes only.

3 Layer Storage Drawers

A sleek and space-saving design with three convenient and stackable compartments.

*This image is for illustrative purposes only.

Efficient Inverter Compressor

10 years warranty

Hitachi refrigerators use an energy-efficient, electronically controlled inverter compressor. The compressor provides powerful cooling and lowers noise.

*This image is for illustrative purposes only.

Illuminated LED Lighting

LED in Refrigerator and Freezer Compartments. Energy saving anti-glare LED lights have been used not only in fresh food compartment but also freezer compartments.

Dual Sensing Control

Hitachi refrigerators have two Eco Thermo-Sensors, one in the freezer compartment and the other in the refrigerator compartment. The sensors detect any temperature changes separately to enable the ideal temperatures to be maintained in each of the compartments at all times.

Mirror Touch Controller

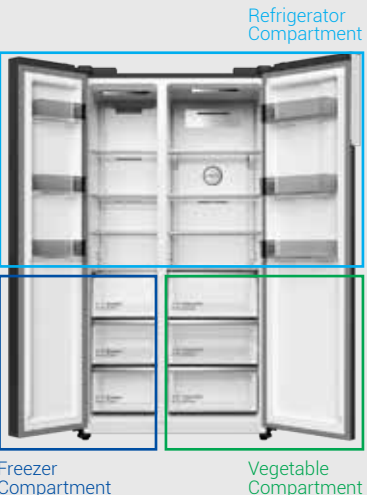

Flat panel controls let you change the settings with a simple touch. And a wipe is all it takes to clean the surface.
