1.5kg*¹ Lightweight for Effortless Cleaning

With a compact design and lightweight at only 1.5kg*¹ (1.05kg*² for handheld), the light body lets you clean wide areas quickly and easily.

Easy Cleaning Anywhere

The lightweight design makes it easy to start cleaning and to reach the hard-to-reach areas you desire to clean.

Just 1.05kg*² Lightweight Handheld

The handheld is suitable for cleaning the table and sofa.

Good for Handheld Two-Way Flexible Storage

The vacuum cleaner can be stored in the wall-mounted storage with the option of a two-way style. With just one touch to release, you experience easier and even more flexible storing and for the next cleaning.

Tangle-free Brush

Picks up long hair and dust, but is tangle-free and washable for easy maintenance.*⁴

* Graphics are for illustrative purposes only.

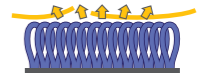

Without Tangle-free Brush

Long hair easily gets tangled with the shaft through the gaps of the brush.

With Tangle-free Brush

Long hair does not easily get tangled with the shaft due to the brush structure.

Wipes Off Bacteria Attached to the Floor*⁵

Zero Distance to Wall

You can clean the floor even right up to the wall edge thanks to the head structure.

Comparison of Tangle-free Brush and conventional model without Tangle-free Brush. *⁵ Test laboratory: Kitasato Research Center for Environmental Science. This brush does not have a wiping function with water. A floor which is smeared with grime and blots between gaps may not be able to be cleaned. The bacteria reduction rate may differ depending on the floor condition. Blots between gaps in the flooring may not be able to be cleaned. The effect of 99% bacteria reduction will not guarantee long-time effectiveness. The 99% bacteria reduction rate will be reduced by deterioration of a brush that is used for a long time.
